Re: Docket No. WS-03478A-12-0307

To Whom it May Concern:

We are writing to protest the absurd increase of sewer prices. We own property at in the foothills of Yuma. We are part time/winter visitors. We go down for a few months for the winter to enjoy the warmth and Yuma itself. We always call the utility companies to have the utilities turned on and off for the season. When turning the utility on, we have to pay a start up fee. We accept that.

Some years back the Far West Water & Sewer Co. all of a sudden started demanding that everyone continue paying the sewer rates even though they are not there for 6-9 months out of the year. That's \$130.50 to 195.75 per year, per lot of revenue that they don't have to provide any services for. Is this legal let alone right?

Now Far West wants to raise the sewer rates 188.05% more. We bought in the foothills for investment and

enjoyment. With the greed of Far West Water & Sewer, we are considering selling our property. It's bad enough we have to pay for not receiving services, but to increase it by over 188% is just plain stealing.

We strongly ask you to deny this injustice immediately. Life, liberty, and the pursuit of justice does not start with gouging rates.

Thank you,
